2020 Annual Conference of the GHRP
Connectivity between regional and
global human rights mechanisms

*DRAFT*

CONCEPT NOTE

WORKING GROUP 2

Environment and human rights: How
do regional and global human rights
mechanisms address this link?

Maison de la Paix (Pétale 5), Thursday 15 October 2020,
14:00 – 15:30
International and regional human rights mechanisms have made considerable progress in recent years on the express recognition of the “Right to a Healthy Environment”, on handling complaints based on procedural or substantive human rights violations related to the environment or again the protection of environmental defenders. This panel will compare the development of legal standards and the provision of concrete protection and remedies provided by the relevant frameworks at the international and regional level.
